

REMARKS

In the first set of claims, Claims 1-11, a valve body was defined. In the second set of claims, Claims 12-22, a piston was defined instead of a valve body. Some of the dependent claims of the second set of claims referred to "valve body" instead of "piston". This amendment corrects this oversight to correct the problems associated with antecedent basis. Entry of this amendment is respectfully requested.

If the Examiner believes that personal communication will expedite prosecution of this application, the Examiner is invited to telephone the undersigned at (248) 641-1600.

Respectfully submitted,
